They reported back an amendment, directing the appointment of one Commissioner, with a salary of \$3,500—this was concurred in, and thus the bill passed. So that it appears the whigs wished to have three Commissioners-yours being the first commission of the kind, that ever sat with only one. I have deemed it proper to put you in possession of these facts, so as to enable you to repel this most unfounded charge against you, as I see has been made in the whig papers.
